Basic Strategy: The TrackMaster F.A.S.T. Sheets assess each horse's probability of winning and produce acceptable (fair) odds for the contenders. As post time nears, if only one contender has odds equal to or higher than its acceptable odds (an overlay), then a wager on the horse to win is called for. If there are two overlays in a given race, a wager on both horses to win is indicated. If there are three or more overlays in a given race, a bet on the overlay with the largest (post-time odds to one)/(fair odds to one) ratio is indicated.

Exotic Strategy: For exactas and trifectas, one strategy is to box the overlays and play the overlays with the other contenders. For serial exotics (Daily Double, Pick 3, etc.), an acceptable strategy is to key the contenders that are overlaid versus the morning line and play them with the other contenders.

For an extensive help guide to the TrackMaster F.A.S.T. Sheets, go to our web site (trackmaster.com) under Selections/F.A.S.T. Sheets.
