This trainer has produced sound profits (35 starts, +13% ROI) when trying a lower class level. This jock/conditioner tandem has a lucrative return on investment. Tread lightly - effort just wasn't good enough last race.

Tough to play this animal after the disappointing stretch drive in the last race. Dam's offspring have shown decent dividends on the grass (24 starts, 17% wins, +1% ROI). Finished in the back last time - not a great endorsement.

This trainer has done very well over the last month (40% wins) with horses claimed. Hasn't scored a victory recently - not worth it on this horse today. Horse goes without blinkers for this race.

Definitely a value bet with such a good power rating - may payoff big. When Inez Karlsson and David H Hinsley combine forces - the return on investment has been fabulous. Turf starters by this Sire have not shown good profits (8% wins -30% ROI).

Have to bet on her if she goes off at good odds with such a strong power rating. Was very solid last out. Turf starters by this Sire have not shown good returns (7% wins -30% ROI).

Sire's turf offspring have been poor (160 starts, 7% wins, -28% ROI). Should make this filly a contender - she comes off a strong contest. Last out this beautiful animal put forth a valiant effort.

Trainer has had trouble winning races over the last month. Tough to figure this one winning after finishing near the back last time. Didn't show enough courage in the lane last time.

The rider and handler duo have a beneficial ROI when they join forces. Didn't finish in the top half of the field last affair - might have to expect the same today. Roy D Houghton does not have the best information in this group of animals with starters moving down the class ladder (23 starts, 9% wins, -57% ROI).

Have to be leery with mounts trained by Steve Fridley right now - on a chilly streak. Lately, this rider just doesn't seem to be able to buy a win. Not wagering on this horse after the last effort.
